Summary of findings

Overall summary

Adel Grange Residential Home is registered to provide accommodation and personal care for up to 30 people in one building over three floors. There were 23 people using the service when we inspected.

We found the following examples of good practice.

- The deputy manager had taken on the role of promoting staff wellbeing.
- The environment was clean and hygienic with appropriate cleaning products in use.
- There was routine testing in place for staff and residents.
- The service did not use agency staff during an outbreak due to effective contingency plans.

Further information is in the detailed findings below.

The five questions we ask about services and what we found

We always ask the following five questions of services.

Is the service safe?

No rating was awarded following this inspection. This was a targeted inspection looking at the infection control and prevention measures the provider has in place.

Adel Grange Residential Home

Detailed findings

Background to this inspection

We carried out this inspection under Section 60 of the Health and Social Care Act 2008 as part of our regulatory functions. This inspection was planned to check whether the provider is meeting the legal requirements and regulations associated with the Health and Social Care Act 2008.

As part of CQC's response to care homes with outbreaks of coronavirus, we are conducting reviews to ensure that the Infection Prevention and Control practice was safe and the service was compliant with IPC measures. This was a targeted inspection looking at the IPC practices the provider has in place in response to an outbreak.

This inspection took place on 24 November 2020 and was announced.

Is the service safe?

Our findings

- We were assured that the provider was preventing visitors from catching and spreading infections.
- We were assured that the provider was meeting shielding and social distancing rules.
- We were assured that the provider was admitting people safely to the service.
- We were assured that the provider was using PPE effectively and safely.
- We were assured that the provider was accessing testing for people using the service and staff.
- We were assured that the provider was promoting safety through the layout and hygiene practices of the premises.
- We were assured that the provider was making sure infection outbreaks can be effectively prevented or managed.
- We were assured that the provider's infection prevention and control policy was up to date.
